SITE PLAN

*Site plan is only a visual reference and not exact or to scale in this image

The “Naturally Free” mural is symbolic of the diversity of Edmonton and how we all need each other to prosper. The bear represents courage; it is the protector and the healer. This represents the healing that has occurred in Edmonton since post colonialism and the need to protect our diversity.

See mural progress and read more about the project at: [RADO MURAL](#)

MARKET INSIGHT

Jasper 111 is located on Jasper Avenue, just west of the intersection with 109 Street. This mixed-use building features main floor commercial that is undergoing substantial renovations and façade improvements. The main floor commercial spaces are supported by 237 rental units in the 17 floors of residential above. The prominent location on Jasper Avenue provides connectivity to the downtown core, high exposure directly on the avenue, and benefits from the high density population that surrounds it.
